

The University of Kansas Medical Center

Division of Academic and Student Affairs - Counseling and Educational Support Services

Psychologist (1.0 FTE)

KU Medical Center strives to embrace diversity in all its forms; working to build an inclusive community that fosters an open, enlightened, and productive environment. The Psychologist position serves students and residents through the provision of individual, couples, and group psychological counseling, outreach presentations, consultation, supervision of postdoctoral fellows and doctoral practicum students, psychological assessments, and crisis response. In addition, the Psychologist supports the department's and Division of Academic and Student Affairs' strategic initiatives to help culturally diverse students and residents succeed. In discharging these duties, the Psychologist is expected to be keenly sensitive to issues of gender, culture, race, ethnicity, sexual orientation, disabilities, socio-economic status, etc. and to be skilled with techniques for counseling students and residents with diverse backgrounds. The position engages with a multidisciplinary team that consists of psychologists, learning specialists, writing specialist, psychiatrist, and health professionals to facilitate successful treatment outcomes. The position contributes to the University's strategic plan and reports to the Senior Director of Counseling and Educational Support Services.

*Responsibilities
& Duties:*

- Provide individual, couple, family, and group counseling
- Provide supervision, consultation, and outreach presentations
- Contribute to the department's strategic initiatives to provide services and programs to a diverse student and resident population
- Conduct psychological assessment
- Participate in crisis response services
- Other responsibilities and duties as assigned by the Senior Director

*Minimum
Qualifications:*

- Doctorate in Counseling, Counseling Psychology, or Clinical Psychology
- Licensed eligible as a Psychologist in Kansas
- Two years of post-licensed experience
- Demonstrated experience providing brief therapy to individuals, couples, and groups
- Demonstrated strong clinical and crisis management skills, including ability to work with high acuity students and residents with complex mental health need
- Demonstrated multicultural competence in mental health service provision
- Experience designing and implementing outreach programs and psychoeducational workshops that promote diversity and social justice
- Experience providing clinical supervision and consultation
- Superior oral and written communication skills

*Preferred
Qualifications:*

- Doctorate completed at APA-accredited program
- Predoctoral Internship at an APA accredited internship site
- Two or more years of experience in a university counseling center
- Experience providing counseling to health science students
- Demonstrated competence in providing therapy in bilingual or multilingual contexts
