

College Counselor

Career opportunity for Counsellors in the Western Region of Saudi Arabia.

Are you looking to gain experience working abroad in a higher education graduate school for business professionals?

Education: At least MS or MA in counselling, psychology, social work, or a related degree in the social sciences.

Experience: At least 1-year of experience in higher education dealing with students or in organizations focusing on professional/personal development

Skill Set: Providing counselling and mentoring services to young adult and mid-life professional adult populations with specific emphasis on stress management, life transition issues, career exploration, crisis intervention, communication and relationship issues, resiliency, and professional and personal development.

Experience facilitating support for individuals with special needs.

Excellent English skills both written and spoken.

Ability to appropriately use psychometric tools and provide feedback.

Cultural awareness and sensitivity to the unique needs of students coming from diverse backgrounds.

Experience and proven track record for designing, implementing, and delivering workshops and training for both small and large groups.

Development of treatment plans, maintaining case notes, and documentation

Proficient in Microsoft Office 365 applications

Ability to communicate and form professional and counselling relationships both face-to-face and virtually.

Requirement: Candidate should have flexibility in career schedule and be prepared to work evenings and weekends. In addition, travel may be required with this position. The individual should be comfortable working in a mixed-gender work environment. Preferred Saudi nationals, but other nationalities will be considered.
